

Troel Trades Supply, Inc.

With audible tone, level tells you plumb, level or any angle in-between

Level reads in 5 different languages:

1. Degrees
2. Percentage
3. mm/M- Millimeters per Meter
4. in/ft- Decimal inches per foot
5. in/ft- Fractional inches per foot

Display flips over when level is used upside-down

Easy one-button calibration/ Re-calibrate in less than 7 seconds

Soft/ Protective case included

1year warranty on Electronic module, lifetime guarantee on vials.

**BENT LEVELS VOID WARRANTY**
